You'll get the personal attention and feedback you need to be the best salon owner around. Sally's Salon is a fun, engaging, addictive game. It is not based on real world businesses. Cognitive Gameplay and/or creativity Social Games PC Game Reviews Reviews for Sally's Salon 83 A fun Salon Game but like most I cant spend more than \$10 a month.. Sallys Salon is a fun Salon Game with a lot of potential. The game plays like the free to play style whereby you can spend real money on new tools, or "loot" to use in your salon. The biggest issue I have with this game is that it feels very repetitive. I have been playing this for a few days now and each time I think I am getting the hang of it, I spend enough money to get a new tool and when I look at the game's leaderboard, I realize that the game is really quite easy. (Just take my word for it!) The only thing that keeps this game from being really too repetitive is the fact that there are so many locations to work. (Plus the fact that you have to work on Sally herself to get the bonus money.) Of course the actual player experience in the game itself is quite fun. The graphics are great and you feel like you're actually being a salon owner. I love the way you can customize Sally's hair. Overall this is a great Salon Game but it's just not for me. Nadia N. Sally's Salon Review 79 Fun Salon Game, but needs more consistency Sally's Salon is a fun Salon Game, but it needs more consistency. When you start out, you can't spend much money, so you might get your hair done and feel like a scrub. Then you have to work your way up the pay scale. The problem is, you start out with awful tools and have to get a decent tool. On top of that, it's very repetitive. It's like a slot machine where you're just spinning the reels and getting the same results over and over again. When I get on Sally's Salon, I have no clue what I'm doing. I think it would be much more fun if you could see the salon's specific needs. I mean, you can just buy salon tools but that's boring. Maybe after you get the tools, you have to focus on 82157476af
